

## 2018 Nebraska Re-Class List

Nebraska team classifications are based on power ratings, tournament results and by overall team performance on the field.

Any team that is reforming from the 2017 season must start the 2018 season in the same classification (or higher) that they finished in the 2017 season.

For purpose of classifications, if six (6) or more players from a 2017 team are on a 2018 team, they are considered the same team regardless of the **TEAM NAME, MANAGER, COACHING STAFF** or **SPONSOR**.

The State Office and committee will make final classification adjustments by the 1<sup>st</sup> week of June each season. This should give team's ample time to prepare for State and World Series plans. Please note that teams may be reclassified at any time by the Nebraska USSSA Baseball State Office or by the National Baseball Committee.

Undoubtedly, not everyone will agree with classifications. Any team wishing to appeal a reclassification may do so after playing a minimum of **six** USSSA tournament games after January 1, 2018 against teams in their current classification. Once the results for these games have been posted to the USSSA system, a review will be completed to determine if the team is competitive at the new level. Any appeal must be done via [email](#) to the State Office.

Any team that won the 2017 State Tournament will be moved up a classification to begin 2018. Any team that finished the 2017 season with 1100 Power Points will be moved up a classification to begin 2018. **I would highly recommend that if you find your team in the (1000 to 1100) Power Point range during this season that you make sure to play tournament games in the higher classification to provide us information in making classification decisions. Otherwise expect a move up.**
